As a result of the final results of the protagonist, his sacrifice and material resources would be taken by your fighting style. You can repeatedly enjoy the process of developing your character's fighting style, and winning against enemies with your strong fighting style. However, you can increase the power of the fighting style that you will develop in the course of your development, and also increase the amount of resources and experience your characters have. Game Features Elden Ring: □ Customizable Character Appearance In addition to customizing your character's appearance, you can freely combine the weapons, armor, and magic that you equip to personalize your character. Furthermore, you can play the game with your friends in various local network environments. □ Fight Together as a Group In addition to being able to fight together with your friends, the game also supports a concept of fighting together as a group. For example, you can place your heavy weapons and healing magic in front of your friends, and you can automatically recover the strength of your allies as you are defeated by enemies. □ Fight Together as a Group In addition to being able to fight together with your friends, the game also supports a concept of fighting together as a group.
